# CONTENTS OF VOLUMES 169 & 170

## JANUARY 2005—Vol. 169, No. 1

Editor's acknowledgement *by A.J. Higgins* 1
*The Veterinary Journal* Literary Prizes 2004 *by A.J. Higgins* 4

Guest Editorials

Death at sea – when is a whale dead? *by A. Butterworth* 5
Reactive oxygen species and antioxidants – a war of nutrition *by C.M. Deaton and D.J. Marlin* 7
Thrombin generation: a positive or negative response to trauma in dogs? *by P.A. Gentry and R.D. Wood* 10
Plasma transfusion and automated plasmapheresis – possibilities and limitations for veterinary medicine *by R. Mischke* 12
The force plate: established technology, new applications *by H.M. Clayton* 15

Reviews

Porcine adenovirus as a delivery system for swine vaccines and immunotherapeutics *by J.M. Hammond and M.A. Johnson* 17
Current approaches to the management of ovine footrot *by K.A. Abbott and C.J. Lewis* 28
A review of the criteria used to assess insensibility and death in hunted whales compared to other species *by S.K. Knudsen* 42

Original Articles

Acute haemostatic changes in accidentally traumatised dogs *by R. Mischke* 60
Effect of oral antioxidant supplementation on blood antioxidant status in trained thoroughbred horses *by B. de Moffarts, N. Kirschvink, T. Art, J. Pincemail and P. Lekeux* 65
Nongonadal LH receptors, their involvement in female reproductive function and a new applicable approach *by A.J. Ziecik, G. Bodek, A. Blitek, M. Kaczmarek and A. Waclawik* 75
Diurnal variations of serum leptin in dogs: effects of fasting and re-feeding *by K. Ishioka, H. Hatai, K. Komabayashi, M.M. Soliman, H. Shibata, T. Honjoh, K. Kimura and M. Saito* 85
Comparison of the effect of *Sporobolus virginicus* and Rhodes (*Chloris gayana*) hay diets on the absorption pattern of phenylbutazone in the camel (*Camelus dromedarius*) *by A.A. Abdel Hadi, I.A. Wasfi, M. Elghazali, A.M. Almahrami, I.M. Barezaiq, N.A. Alkatheeri and G.A. Alhadrami* 91
Climatic conditions as a risk factor in canine gastric dilatation-volvulus *by R. Dennler, D. Koch, M. Hassig, J. Howard and P.M. Montavon* 97
The effects of automated plasmapheresis on clinical, haematological, biochemical and coagulation variables in horses *by K. Feige, F.B. Ehrat, S.B.R. Kästner and B. Wampfler* 102
Effects of epidural anaesthesia–analgesia on intravenous anaesthesia with propofol *by J.M. Tusell, A. Andaluz, D. Prandi, C. Costa and F. García* 108

Short Communications

Effect of prolonged use of altrenogest on behaviour in mares *by D. Hodgson, L. Jeffcott, S. Reid, D. Mellor and A. Higgins* 113
SRY-negative XX sex reversal in a Jack Russell Terrier: a case report *by H. Kuiper, C. Bunck, A.-R. Günzel-Apel, C. Drögemüller, M. Hewicker-Trautwein and O. Distl* 116
Cardiopulmonary helminth parasites of red foxes (*Vulpes vulpes*) in Catalonia, northeastern Spain *by S. Mañas, D. Ferrer, J. Castellà and J. M. López-Martín* 118

Development of a rapid and sensitive RT-PCR method for the detection of deformed wing virus, a pathogen of the honeybee (*Apis mellifera*) *by E. Genersch* 121

Botulinum neurotoxin type B in milk from a cow affected by visceral botulism *by H. Böhnel, B. Neufeld and F. Gessler* 124

Levels of glutathione peroxidase, lipoperoxidase and some biochemical and haematological parameters in gazelles anaesthetised with a tiletamin–zolazepam–xylazine combination *by S. Yaralioglu-Gurgoze, N. Sindak, T. Sahin and O. Cen* 126

Proceedings of the Dogs Trust Meeting on Advances in Veterinary Behavioural Medicine, London; 4th–7th November 2004

Editorial *by C. Laurence* 129

Review: Veterinary behavioural medicine: a roadmap for the 21st century *by K.L. Overall* 130

A1. Epidemiology of dog bites: canine behaviour and public health concerns: A Belgian experience *by T.D. Keuster, J. Lamoureux and A. Kahn* 144

A2. Understanding attachment behaviours and problem that can arise *by C. Palestrini and M. Verga* 144

A3. Current state of clinical ethology in Mexico *by F.M. Heiblum, P.A. Tejeda, C.W. Torres, V.J. Salmerón, P.C. Edwards and C.V. Matus* 145

A4. Normal and abnormal behaviour in dogs: a multifaceted approach *by M. Verga and C. Palestrini* 146

A5. Neuropharmacology of anxiety and recovery *by M.C. Osella, P. Badino, G. Re and L. Bergamasco* 147

A6. Pheromones and communication: potential and pitfalls for treatment of anxiety *by C. Beata* 147

A7. Applying selection pressure for appropriate reactivity *by P.D. McGreevy* 148

A8. Cognitive variability in the dog – causes and implications *by D.S. Mills* 149

A9. Aggression and impulsivity in dogs *by J. Fatjó, M. Amat and X. Manteca* 150

A10. What do we mean by 'temperament'? Can we reliably measure it in adult dogs, and is it valuable in the context of re-homing facilities? *by R.A. Casey, E.J. Blackwell and J.W.S. Bradshaw* 150

A11. Assessing behaviour in military and working dogs *by W.F. Burghardt* 151

A12. New approach for behaviour treatment based on genetic background of individual animals *by N. Ogata, T. Kikusui, Y. Takeuchi and Y. Mori* 152

A13. The canine genome project – implications for behaviour *by F. Lingaas* 153

A14. Mapping genes for anxiety disorders: humans as models for dogs *by S.P. Hamilton* 154

A15. Canine anxiety: a model for exploring neurobehavioural genetics *by K.L. Overall* 155

Book Reviews 41, 84, 96

## MARCH 2005—Vol. 169, No. 2

Guest Editorials

European veterinary education: What does harmonisation mean? *by A.R. Michell* 157

Equine dentistry – "The state of the art and the state of the science" *by D.C. Knottenbelt* 159

Foot-and-mouth disease: The vital need for collaboration as an aid to disease elimination *by S.M. Crispin* 162

Reviews

A review of equine dental disorders *by P.M. Dixon and I. Dacre* 165

Congenital sensorineural deafness in dogs: A molecular genetic approach toward unravelling the responsible genes *by S.G. Rak and O. Distl* 188

A review of foot-and-mouth disease with special consideration for the clinical and epidemiological factors relevant to predictive modelling of the disease *by R.P. Kitching, A.M. Hutber and M.V. Thrusfield* 197

Commissioned Article

European veterinary education: A bridge to quality *by T.H. Fernandes* 210

Original Articles

Differential regulation of the GLUT1 and GLUT3 glucose transporters by growth factors and pro-inflammatory cytokines in equine articular chondrocytes *by T. Phillips, I. Ferraz, S. Bell, P.D. Clegg, S.D. Carter and A. Mobasheri* 216

Reliability of cardiorespiratory measurements with a new ergospirometer during intense treadmill exercise in Thoroughbred horses *by R.A. Curtis, K. Kusano, D.L. Evans, N.H. Lovell and D.R. Hodgson* 223

Bovine digital dermatitis and severe virulent ovine foot rot: A common spirochaetal pathogenesis *by A. Dhawi, C.A. Hart, I. Demirkan, I.H. Davies and S.D. Carter* 232

Pattern recognition and feature extraction of canine celiac and cranial mesenteric arterial waveforms: Normal versus chronic enteropathy – A pilot study *by L. Gaschen, P. Kircher, J. Lang, F. Gaschen, K. Allenspach and A. Gröne* 242

Blood–oxygen binding in healthy Standardbred horses *by C. Cambier, N. Di Passio, T. Clerbaux, H. Amory, V. Marville, B. Detry, A. Frans and P. Gustin* 251

Distribution of new methylene blue injected into the caudal epidural space in cattle *by I. Lee, N. Yamagishi, K. Oboshi, Y. Ayukawa, N. Sasaki and H. Yamada* 257

The role of metallothionein and zinc in hepatic copper accumulation in cattle *by M. López-Alonso, F. Prieto, M. Miranda, C. Castillo, J. Hernández and J.L. Benedito* 262

Evaluation of PCR systems for the identification and differentiation of *Mycoplasma agalactiae* and *Mycoplasma bovis*: A collaborative trial *by J.B. Bashiruddin, J. Frey, M.H. Königsson, K.-E. Johansson, H. Hotzel, R. Diller, P. de Santis, A. Botelho, R.D. Ayling, R.A.J. Nicholas, F. Thiaucourt and K. Sachse* 268

Topical fusidic acid/betamethasone-containing gel compared to systemic therapy in the treatment of canine acute moist dermatitis *by M.A. Cobb, H.J. Edwards, T.D. Jagger, J. Marshall and K.E. Bowker* 276

Measurements of C-reactive protein in serum and lactate dehydrogenase in serum and synovial fluid of patients with osteoarthritis *by K. Hurter, D. Spreng, U. Rytz, P. Schawalder, F. Ott-Knüsel and H. Schmökel* 281

Oxidative status during late pregnancy and early lactation in dairy cows *by C. Castillo, J. Hernandez, A. Bravo, M. Lopez-Alonso, V. Pereira and J.L. Benedito* 286

Immunocompetence of fattening pigs fed organic versus conventional diets in organic versus conventional housing *by S. Millet, E. Cox, J. Buyse, B.M. Goddeeris and G.P.J. Janssens* 293

Short Communications

*Escherichia coli* O4:NM associated with an outbreak of calf diarrhoea *by S.A. Wani, M.A. Bhat, I. Samanta, Y. Nishikawa and A.S. Buchh* 300

Flow cytometric evaluation of bound IgG on erythrocytes of anaemic dogs *by G. Kucinskiene, H.-J. Schuberth, W. Leibold and J. Pieskus* 303

Dermotoxic activity of a collagenolytic cell wall component from *Fusobacterium necrophorum* subsp. *necrophorum* *by K. Okamoto, M. Kanoe, M. Inoue, T. Watanabe and T. Inoue* 308

Endoscopic determination of exercise-induced pulmonary haemorrhage in Chilean Criollo horses *by O. Araya, P. Palma, M. Salvi, H. Bustamante and L. Vits* 311

Book Reviews 209, 250, 314

## MAY 2005—Vol. 169, No. 3

Guest Editorials

The creation of a new monster: MRSA and MRSI – Important emerging veterinary and zoonotic diseases *by A. Waller* 315

The multifactorial nature of cattle lameness: A few more pieces of the jigsaw *by J.J. Vermunt* 317

Further insights into the susceptibility of broilers to ascites *by E. Decuypere, M. Hassanzadeh, N. Buys and J. Buyse* 319

Fast Track

Erratum 321

Effect of prolonged use of altrenogest on behaviour in mares *by D. Hodgson, S. Howe, L. Jeffcott, S. Reid, D. Mellor and A. Higgins* 322

Reviews

A review of porcine circovirus 2-associated syndromes and diseases *by C. Chae* 326

Dehorning and disbudding distress and its alleviation in calves *by K.J. Stafford and D.J. Mellor* 337

Production and growth related disorders and other metabolic diseases of poultry – A review *by R.J. Julian* 350

Original Articles

New surgical approach to the plantar fetlock joint through the digital flexor tendon sheath wall and suspensory ligament apparatus in cases of concurrent septic synovitis in two cattle *by J. Kofler and B. Martinek* 370

Effects of feeding intensity during the dry period on leukocyte and lymphocyte sub-populations, neutrophil function and health in periparturient dairy cows *by G.E. Meglia, A. Johannisson, S. Agenäs, K. Holtenius and K.P. Waller* 376

Collection of exhaled breath condensate and analysis of hydrogen peroxide as a potential marker of lower airway inflammation in cats *by N. Kirschvink, D. Marlin, F. Delvaux, J. Leemans, C. Clercx, A. Sparkes and P. Gustin* 385

Age-related changes in metabolic properties of equine skeletal muscle associated with muscle plasticity *by J.-s. Kim, K.W. Hinchcliff, M. Yamaguchi, L.A. Beard, C.D. Markert and S.T. Devor* 397

Characteristics of live bovine herpesvirus-1 vaccines *by J.R. Patel* 404

Synergistic action of *E. coli* endotoxin and *Pasteurella multocida* type A for the induction of bronchopneumonia in pigs *by D.J. Halloy, N.A. Kirschvink, J. Mainil and P.G. Gustin* 417

Effects of type of forage fed to dairy heifers: Associations between claw characteristics, clinical lameness, environment and behaviour *by K.A. Leach, J.E. Offer, I. Svoboda and D.N. Logue* 427

Pharmacokinetics of an ampicillin–sulbactam combination after intravenous and intramuscular administration to neonatal calves *by E. Fernández-Varón, E. Escudero-Pastor and C.M. Caírceles-Rodríguez* 437

Studies on rickets and osteomalacia in Bactrian camels (*Camelus bactrianus*) *by L. Zongping* 444

Short Communications

Identification of viral pathogens in aborted fetuses and stillborn piglets from cases of swine reproductive failure in Spain *by J. Maldonado, J. Segalés, D. Martínez-Puig, M. Calsamiglia, P. Riera, M. Domingo and C. Artigas* 454

Fungal isolation and identification in 21 cases of guttural pouch mycosis in horses (1998–2002) *by A. Ludwig, S. Gatineau, M.-C. Reynaud, J.-L. Cadoré and G. Bourdoiseau* 457

Leptospiral antibodies in captive lion tamarins (*Leontopithecus* sp) in Brazil *by W. Lilenbaum, R. Varges, I.A. Moraes, A.M.R. Ferreira and A. Pissinatti* 462

Altered platelet aggregation and coagulation disorders related to clinical findings in 30 dogs naturally infected by *Leishmania infantum* *by P. Ciaramella, A. Pelagalli, L. Cortese, M.E. Pero, M. Corona, P. Lombardi, L. Avallone and A. Persechino* 465

Variation in immunogenicity of ruminant pestiviruses as determined by the neutralisation assay *by J.R. Patel, S. Didlick and J. Quinton* 468

Announcement 475

Book Reviews 375, 384, 473

## JULY 2005—Vol. 170, No. 1

Editorial

Electronic publishing and a new era for The Veterinary Journal *by A. Higgins* 1

Guest Editorials

Animal breeding and genomics: Perspectives for dog breeding *by J.A.M. van Arendonk and A.-E. Liinamo* 3

Equine herpesviruses 1 and 4: Creeping to a solution *by K. Smith* 6

Defining the full costs of endemic porcine proliferative enteropathy *by S. McOrist* 8

Nutrition, behaviour and the role of supplements for calming horses: The veterinarian's dilemma *by P. Harris* 10

Digital dermatitis – The aetiological soup *by D.N. Logue, J.E. Offer, R.A. Laven and W.A. Ellis* 12

Reviews

Equine herpesviruses 1 (EHV-1) and 4 (EHV-4) – epidemiology, disease and immunoprophylaxis: A brief review *by J.R. Patel and J. Heldens* 14

Calmatives for the excitable horse: A review of L-tryptophan *by A. Grimmett and M.N. Sillence* 24

The management and welfare of some common ovine obstetrical problems in the United Kingdom *by P.R. Scott* 33

Recent advances in equine abdominal surgery *by C.L. Smith, B.A. Dowling and A.J. Dart* 41

Apoptosis in the mammalian CNS: Lessons from animal models *by L. Lossi, C. Cantile, I. Tamagno and A. Merighi* 52

Original Articles

Thoracolaryngeal reflex latencies in Thoroughbred horses with recurrent laryngeal neuropathy *by R.A. Curtis, C.N. Hahn, D.L. Evans, T. Williams and L. Begg* 67

Maternal and fetal effects of propofol anaesthesia in the pregnant ewe *by A. Andaluz, O. Trasserras and F. García* 77

Surgery alone versus surgery and doxorubicin for the treatment of feline injection-site sarcomas: A report on 69 cases *by M. Martano, E. Morello, M. Ughetto, S. Iussich, C. Petterino, P. Cascio and P. Buracco* 84

The response of pigs to being loaded or unloaded onto commercial animal transporters using three systems *by S.N. Brown, T.G. Knowles, L.J. Wilkins, S.A. Chadd and P.D. Warriss* 91

Pharmacodynamics and pharmacokinetics of flumequine in pigs after single intravenous and intramuscular administration *by R. Villa, P. Cagnardi, F. Acocella, P. Massi, P. Anfossi, F. Asta and S. Carli* 101

Assessment of a platelet function analyser in horses: Reference range and influence of a platelet aggregation inhibitor *by D. Segura, L. Monreal, Y. Espada, J. Pastor, I. Mayós and J. Homedes* 108

Pharmaceutical and nutraceutical management of canine osteoarthritis: Present and future perspectives *by Y. Henrotin, C. Sanchez and M. Balligand* 113

Short Communications

Transient complete atrioventricular block following transvenous electrical cardioversion of atrial fibrillation in a horse *by G. van Loon, D. De Clercq, R. Tavernier, H. Amory and P. Deprez* 124

Reproductive performance of gilts following an outbreak of acute proliferative enteropathy due to *Lawsonia intracellularis* *by C.-P. Mauch and G. Bilkei* 128

PMWS: An emerging disease identified in archived porcine tissues *by S. Staebler, T. Sydler, E. Buergi, K. McCullough, F. McNeilly, G. Allan and A. Pospischil* 132

Changes in malondialdehyde concentrations and glutathione peroxidase activity in purebred Arabian mares with endometritis *by S. Yaralioglu-Gurgoze, H. Cetin, O. Cen, S. Yilmaz and M.O. Atli* 135

Effects of preoperative administration of meloxicam on whole blood platelet aggregation, buccal mucosal bleeding time, and haematological indices in dogs undergoing elective ovariohysterectomy *by L. Fresno, J. Moll, B. Peñalba, Y. Espada, A. Andaluz, D. Prandi, R.R. de Gopegui and F. García* 138

Common bile duct obstruction due to a duodenal gastrinoma in a dog *by M. Vergine, S. Pozzo, E. Pogliani, M. Rondena, P. Roccabianca and W. Bertazzolo* 141

Book Reviews 76, 90, 144, 145, 146

## SEPTEMBER 2005—Vol. 170, No. 2

Guest Editorials

The benefits of comparative medicine – A hundred years to come to our senses *by D.J. Argyle* 147

Marek's disease: The continuing struggle between pathogen and host *by R.L. Witter* 149

When will rAbs replace mAbs in labs? *by C.B. Shoemaker* 151

Commisioned Article

Comparative clinical science: The medicine of the future *by A.R. Michell* 153

Reviews

Are so many adrenergic receptor subtypes really present in domestic animal tissues? A pharmacological perspective *by P. Badino, R. Odore and G. Re* 163

Evolution of Marek's disease – A paradigm for incessant race between the pathogen and the host *by V. Nair* 175

Mechanical and functional properties of the equine superficial digital flexor tendon *by B.A. Dowling and A.J. Dart* 184

Rational monoclonal antibody development to emerging pathogens, biothreat agents and agents of foreign animal disease: The Antigen Scale *by J.D. Berry* 193

Original Articles

Can jumping capacity of adult show jumping horses be predicted on the basis of submaximal free jumps at foal age? A longitudinal study *by M.F. Bobbert, S. Santamaría, P.R. van Weeren, W. Back and A. Barneveld* 212

Pharmacokinetics of marbofloxacin after single intravenous and repeat oral administration to cats *by G.A. Albarellos, L. Montoya and M.F. Landoni* 222

Evaluation of the clinical efficacy of prokinetic drugs in the management of post-operative ileus: Can retrospective data help us? *by M.A. Smith, G.B. Edwards, B.L. Dallap, P.J. Cripps and C.J. Proudman* 230

Pharmacokinetics and residues of a new oral amoxicillin formulation in piglets: A preliminary study *by E. Hernandez, R. Rey, M. Puig, M.A. Garcia, C. Solans and M.A. Bregante* 237

High-speed treadmill videoendoscopic examination of the upper respiratory tract in the horse: The results of 291 clinical cases *by R.H.H. Tan, B.A. Dowling and A.J. Dart* 243

A survey for *Mycobacterium avium* subspecies *paratuberculosis* in the Royal Zoological Society of Antwerp *by E. Vansnick, F. Vercammen, L. Bauwens, E. D'Haese, H. Nelis and D. Geysen* 249

Short Communications

Microbiological survey for *Mycoplasma* spp. in a contagious agalactia endemic area *by C. De la Fe, P. Assunção, T. Antunes, R.S. Rosales and J.B. Poveda* 257

Lack of effects of quebracho and sainfoin hay on incoming third-stage larvae of *Haemonchus contortus* in goats *by V. Paolini, F. Prevot, Ph. Dorchies and H. Hoste* 260

Partial cloning and localisation of leptin and its receptor in the one-humped camel (*Camelus dromedarius*) *by by A. Sayed-Ahmed, P. Rudas and T. Bartha* 264

Book Reviews 174, 183, 236, 263, 268

## NOVEMBER 2005—Vol. 170, No. 3

Guest Editorials

Vaccine development in the 21st century: A time of living dangerously *by M. Vordermeier and P. Hogarth* 271

Mycoplasmas – Identifying hosts for a stealth pathogen *by J. Clark* 273

Recent changes in *Salmonella* nomenclature: The need for clarification *by M. Heyndrickx, F. Pasmans, R. Ducatelle, A. Decostere and F. Haesebrouck* 275

Reviews

The role of flow cytometry in companion animal diagnostic medicine *by J.M. Tarrant* 278

Recent developments in veterinary vaccinology *by H. Shams* 289

Mycoplasma host specificity: Fact or fiction? *by D.G. Pitcher and R.A.J. Nicholas* 300

Control of reproductive processes by growth hormone: Extra- and intracellular mechanisms *by A.V. Sirotkin* 307

Original Articles

Risk factors for cross-country horse falls at one-day events and at two-/three-day events *by J.K. Murray, E.R. Singer, K.L. Morgan, C.J. Proudman and N.P. French* 318

An outbreak of subacute fasciolosis in Soay sheep: Ultrasonographic biochemical and histological studies *by P.R. Scott, N.D. Sargison, A. Macrae and S.R. Rhind* 325

Intracellular distribution of copper and zinc in the liver of copper-exposed cattle from northwest Spain *by M. López-Alonso, F. Prieto, M. Miranda, C. Castillo, J.R. Hernández and J.L. Benedito* 332

Clindamycin bioavailability and pharmacokinetics following oral administration of clindamycin hydrochloride capsules in dogs *by G.C. Batzias, G.A. Delis and L.V. Athanasiou* 339

*Clostridium perfringens* toxin-types in lambs and kids affected with gastroenteric pathologies in Italy *by G. Greco, A. Madio, D. Buonavoglia, M. Totaro, M. Corrente, V. Martella and C. Buonavoglia* 346

Morphology of caprine skin glands involved in buck odour production *by S. Van Lancker, W. Van Den Broeck and P. Simoens* 351

Aerobic bacterial flora of the nasal cavity in Gulf of California sea lion (*Zalophus californianus*) pups *by R. Hernández-Castro, L. Martínez-Chavarría, A. Díaz-Avelar, A. Romero-Osorio, C. Godínez-Reyes, A. Zavala-González and A. Verdugo-Rodríguez* 359

Pharmacokinetics of marbofloxacin after intravenous and intramuscular administration to ostriches *by J.J. de Lucas, C. Rodríguez, S. Waxman, F. González, I. Uriarte and M.I. Sean Andrés* 364

Short Communications

Fractures sustained by racehorses in Japan during flat racing with special reference to track condition and racing time *by M. Oikawa and R. Kusunose* 369

Anomalous insertion of the splenius muscle in a dog *by J. Terrado, M. Giner and O. Gómez* 375

*Helicobacter* spp. from captive bottlenose dolphins (*Tursiops* spp.) and polar bears (*Ursus maritimus*) *by A.P.A. Oxley, J.A. Argo and D.B. McKay* 377

Clinical and pathological findings in a goat with cerebral gliomatosis *by U. Braun, M. Hilbe and F. Ehrensperger* 381

Book Reviews 384, 384, 385, 386

Announcements 388, 389
